- ✓ Organix Harvest is a totally natural liquid fertiliser prepared from ocean fish, Tasmanian seaweed and fulvic acid (fulvic acid is a natural component of humus that helps plants absorb nutrients).
- ✓ It provides natural plant nutrients, trace elements and seven growth stimulants.
- ✓ Contains a natural wetting agent.
- ✓ Harvest will increase growth, improve flowering and fruiting and will assist in creating healthy soil.
- ✓ Harvest is ideal for vegetables and herbs, fruit and flowers and general garden use.
