

# All Purpose

## GRANULAR PLANT FOOD

Amgrow All Purpose plant food is formulated to enrich garden soil by providing a balanced mix of essential nutrients.

It is ideal as a basic food for vegetables, annual flowers and seedlings as well as for regular applications to perennials, ornamentals, shrubs and trees.

It also contains essential trace elements to encourage active healthy growth.

### DIRECTIONS

*Seedlings* – Apply as a base dressing when planting at the rate of 35 grams per square metre.

*Vegetables* – Apply monthly during spring and summer as a base dressing at the rate of 75 grams per square metre.

*Established trees and shrubs* – Apply in spring and autumn at the rate of 75 grams per square metre just under the outer line of foliage.

*Annual flowers* – Apply monthly during the growing season at the rate of 75 grams per square metre.

Water in well, immediately after application.

### Precautions:

Do not apply to potted plants.

Apply in the cool of the day and avoid contact with plant foliage.

### MEASUREMENT GUIDE:

1 cupful = approximately 200 grams

1 handful = approximately 40 grams

### KEEP OUT OF REACH OF PETS AND CHILDREN

**Pet Safety:** Some pets may be attracted to this product. To prevent consumption after application, rake granules into top soil and water well.

**Warning:** Do not swallow. The dust from this product may act as an irritant. Avoid inhalation and contact with eyes and skin. This product contains heavy metal impurities. Its use may result in accumulation of mercury in the soil.

### ANALYSIS

<b>Total Nitrogen (N) %</b>	<b>10.1</b>
