

Azalea, Camellia & Gardenia

GRANULAR PLANT FOOD

Amgrow Azalea, Camellia and Gardenia food is a balanced formulation of essential nutrients specifically formulated for all acid loving trees and shrubs.

Added phosphorous and nitrogen content encourages strong flowering and healthy foliage while trace elements provide overall health and vitality.

DIRECTIONS

Amgrow Azalea, Camellia & Gardenia food should be sprinkled directly on the soil around the drip line (under the outer line of the plant foliage).

Apply at the rate of 60 grams per square metre. Avoid applying closer than 30cm from the main stem of the plant.

Water in well, immediately after application.

Amgrow Azalea, Camellia & Gardenia food should be applied in early spring, immediately after flowering and again in early autumn

Precautions:

Do not apply to potted plants.

Apply in the cool of the day and avoid contact with plant foliage.

MEASUREMENT GUIDE:

1 cupful = approximately 200 grams

1 handful = approximately 40 grams

KEEP OUT OF REACH OF PETS AND CHILDREN

Pet Safety: Some pets may be attracted to this product. To prevent consumption after application, rake granules into top soil and water well.

Warning: Do not swallow. The dust from this product may act as an irritant. Avoid inhalation and contact with eyes and skin. This product contains heavy metal impurities. Its use may result in accumulation of mercury in the soil.

ANALYSIS	
Total Nitrogen (N) %	6.0
As organic	3.9
As ammonia	2.1
