Lawn Army Worm

Black Beetle

Amgrow Professor Mac 3 in 1 Organic Insecticide, Fertiliser & Wetting Agent is made from naturally derived ingredients and contains no harmful synthetic poisons, leaving your soil free from harmful residues. Amgrow Professor Mac 3 in 1 Organic Insecticide, Fertiliser & Wetting Agent includes:

- A unique natural insecticide to control Lawn Grub and African Black Beetle.
- A fertiliser to promote growth of your lawn.
- A wetting agent that assists in maintaining a balanced moisture level in the soil.

HOW TO USE AS AN INSECTICIDE

SITUATION	PEST	RATE
All turf types	Lawn armyworm NSW, QLD, VIC, SA & WA	Dilute 1L in 20L water and apply over 50 sqm.
Sprayer or watering can application	African black beetles QLD, VIC, SA & WA	Dilute 1L in 20L water and apply over 8 sqm.

HOW TO USE AS FERTILISER AND WETTING AGENT

SITUATION		RATE
Lawns Sprayer or watering can application	Fertiliser	Dilute 1L in 20L water and apply over 200 sqm.
	Wetting Agent	Dilute 1L in 20L water and apply over 125 sqm.
Plants and gardens	Fertiliser	Dilute 100mL in 2L water and apply over approx 10 sqm of garden area using sprayer or watering can.

FOR BEST RESULTS: Apply early morning or late afternoon. After spray application, the spray treatment must be watered off foliage and into the soil to ensure that leaves are not burnt. DO NOT apply product concentrate directly to lawns or plants. Always dilute as instructed in the HOW TO USE tables.

CAUTION: DO NOT graze any treated area or cut for stock food. DO NOT allow chemical containers or spray to get into drains, sewers, stream or ponds.

STORAGE & DISPOSAL: Store in the closed, original container in a cool, dry place out of reach of children. Do not store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and putting in garbage.

FIRST AID: If poisoning occurs, contact a Doctor or Poisons Information Centre. Phone Australia 13 11 26.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED
