Amgrow Professor Mac 3 in 1 Organic Insecticide, Fertiliser & Wetting Agent is made from naturally derived ingredients and contains no harmful synthetic poisons, leaving your soil free from harmful residues. Amgrow Professor Mac 3 in 1 Organic Insecticide, Fertiliser & Wetting Agent includes:

- . A unique natural insecticide to control Lawn Grub and African Black Beetle.
- . A fertiliser to promote growth of your lawn.
- A wetting agent that assists in maintaining a balanced
- For Use with Hose-On fitting, HOW TO PREPARE: Measure lawn area before application.
- . Shake contents well before using.
- Attach Hose-On fitting to the hose
- Remove plastic plug from the top of the sprayer.
 Turn on the tap (the sprayer will immediately start spraying the product). The tap water will mix with
- product automatically in the correct ratio. Walk and spray at a steady pace whilst sweeping the spray in a back and forth arc. Overlap treated areas
 - slightly. Spray turf until foilage is quite wet.
 - Stop spraying by removing the bottle from the hose, or by turning off the tap
 - Re-insert stopper plug on completion

al Nitrogen (N) al Phosphorus (P) as water soluble tassium as plant extract, fish and

- FOR BEST RESULTS: Apply early morning or late afternoon. After spray application and especially in dry conditions, the spray treatment must be watered off foliage and into the soil to ensure that leaves are not burnt. Immediately after spraying, water the treated area using 20 litres plain water per area treated with each 1 litre product, DO NOT apply product concentrate directly to lawns or plants. Always dilute as instructed in the HOW TO USE tables.
- CAUTION: DO NOT graze any treated area or cut for stock food. DO NOT allow chemical containers or spray to get into drains, sewers, stream or gonds.
- STORAGE & DISPOSAL: Store in the closed, original container in a cool, dry place out of reach of children. Do not store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and
- FIRST AID: If poisoning occurs, contact a Doctor or Poisons Information Centre. Phone Australia 13 11 26
